DEFINITIONS

SCAC

The Standard Carrier Alpha Codes registered on the Railroad MARK industry reference file.

FSAC

CPRS has assigned new Freight Station Accounting Codes (FSAC), and Open and Prepay Station List (OPSL) numbers to the adopted railway. The CPRS numbers, which will be used to identify both the FSAC and OPSL, will replace the current numbers of the Dakota Minnesota & Eastern Railroad Corp (DME) and the Iowa Chicago and Eastern Railroad Corp (ICE).

SPLC

This is the Standard Point Location Code (SPLC) for the rail stations registered in Central Station Master Reference File (CSM IRF).

Station Name

These are the names registered in the AAR Central Station Master (CSM) for transportation, pricing and revenue application.

ST

This is the abbreviation for the state of the rail stations.

Station Type

Station Types included in this adoption are:

“O” Operating Station used for operating purposes only.

“R” Revenue Station used for revenue purposes only.
